of the Royal Asiatic Society, Korea Branch

1900 — 1983

Volumes 1 — 58

(Exclusive of Minutes, Member Lists, Annual Reports, etc.)

Compiled by

Georgeanna D. Knisely

Transactions of the Korea Branch, Royal Asiatic Society, have been published at varying intervals since 1900, in 59 volumes, including this Index volume. Copies of all Transactions are available for members' use at the RAS office. They are also on sale, as individual Transactions (volumes 31-58), or as bound reprints (volumes 1-30).
NOTES ON THE INDEX

Authors, subjects, and titles are arranged in one alphabet. Under authors and subjects, titles are arranged in alphabetical order by the first word, initial articles being disregarded. Subjects refer to Korea unless otherwise stated. FOLKLORE means folklore in Korea; HISTORY refers to Korean history. When title and subject are the same, the title entry has been omitted.

Sample entry:

FOOD

An article on the subject FOOD, entitled "Some Common Korean Foods" by J. D. Van Buskirk is to be found in volume XIV on pages 1-8 in the 1923 Transactions.

Transactions through Volume LI, 1976, are numbered using roman numerals. Beginning with Volume 52, 1977, arabic numerals have been used.

ROMANIZATION

It is the editorial policy of the Transactions that all Korean words and names be romanized according to the McCune-Reischauer System, which was introduced in Volume XXXIX, 1939 Transactions. Exceptions are established romanizations of proper names (Seoul, Yonsei University, Syngman Rhee), and an individual author's preferred romanization (and hyphenization) of his name. This index includes many titles written before the adoption of the McCune-Reischauer System. To the extent possible, M-R romanizations have been added, in brackets, following non-McCune-Reischauer romanizations. Inconsistencies in syllable segmentation and hyphenization have been left as originally published, except where confusion seemed likely.

Annual Report of the Korea Branch of the Royal Asiatic Society for 1984

The Royal Asiatic Society, Korea Branch, is one of several branches of its parent organization, the Royal Asiatic Society of Great Britain and Ireland. Founded in London in 1824 under the royal patronage of King George IV, the purpose of the Society as a whole is to study the “progress of knowledge in Asia and the means of its extension.” Since its founding in Seoul in June 1900 by a small group of foreign residents, the Korea Branch has been devoted, as its Constitution requires, to stimulating interest in, promoting the study of, and disseminating knowledge about the arts, history, literature and customs of Korea and neighboring countries. To meet these requirements, the Korea Branch sponsors lecture meetings, tours, and publications. Among the requirements of the Branch’s Constitution is one that specifies an Annual Meeting at which a report of the year’s activities should be made to the membership and an election of the next year’s officers and Council held. The Annual Report follows:

Membership: From its founding 17 members in 1900, the Korea Branch has grown to number nearly 1,700. This year membership increased from 1,644 in January to 1,682 as of the end of November, an increase of 38 during the year. The total figure includes 60 life members, 499 overseas members and 1,123 regular members residing in Korea. Membership includes not only those who participate in the activities of the Branch in Seoul but also those who have joined the Taegu and Kwangju Chapters.

Meetings: During the year, 20 lecture meetings were held in Seoul and ten lecture meetings each were held by the Taegu and Kwangju Chapters. Lists of the programs and attendance are provided below.

Tours: Full schedules of tours were carried out by the Branch in both the spring and fall of 1984, with participation totaling more than 1,600. Members in Kwangju and Taegu also organized tour activities for their Chapter members. Lists of destinations and attendance follow below.

Publications: The Korea Branch is justifiably proud of its accomplishments in producing and distributing works in English about Korea. Besides its annual Transactions—Volume 58 for 1983, which was distributed free, as usual, to members—the following titles were reprinted in 1984 to meet continuing demands:

- In This Earth and In That Wind by Lee O-young, translated by David Steinberg
- The Dutch Come to Korea by Gari Ledyard
**Finances:** Monthly statements from the Treasurer report that because of the continuing sale of its publications, the Korea Branch enjoys a state of financial health which allows it to continue to offer meetings, tours, and publications in order to meet its commitment to contribute to the "progress of knowledge" about Korea and her neighbors.

**Douglas Fund:** The Douglas scholarship was awarded to Miss Chŏng Hyŏn-ju, a junior in history education at Sŏnggyun’gwan University.
